## Kindness

Kind words  
are like  
**honey**  
Sweet to the soul  
and healthy for  
the body.  
Proverbs 16:24

This week give a great gift to those around us. Be kind to someone without expecting a "Thank you." Return a harsh word or an unkind act with an act of love. Give someone an unexpected compliment. Write a note of appreciation to someone you observed showing kindness to someone else. Bring donuts or a treat to the office for all of your co-workers. Encourage someone who is going the extra mile. The heart of kindness is helping someone without expecting anything in return. Kindness is love in action. Kindness is evidence that God's Spirit lives in us. May we glorify God this week with our kindness.
